

DEMOCRAT AND SENTINEL.

LOCAL ITEMS.

FATAL ACCIDENT.—A man was killed on the Rail Road near the Conemaugh Station, on last Wednesday. The particulars, as we heard them are as follows:

A train of cars was going down at the time the Western Express train was coming up, when two men attempted to cross the road. They succeeded in crossing before the descending train, but one of them was caught by the Locomotive drawing the Express, and thrown under the cars which passed over him. His skull was broken, so that his brains protruded, and his body otherwise crushed. He still breathed when the train stopped, but died in a few minutes after.

ANOTHER.—As the cars were approaching Jefferson on the same day, a man, name unknown, attempted to step upon the cars from a pile of coal by the road, but missed his footing and slipped under them. The train was moving slowly at the time, and he was pushed along upon the rail for several rods, before it could be stopped. When rescued his legs were crushed, and he was otherwise injured. Physicians were sent for, but their skill was unavailing, and he died on the following day.

VEGETABLE PRODUCTION OF CAMBRIA.—An opinion prevails throughout the State that Cambria County is not an agricultural county. To remove this opinion, which is altogether erroneous, we will enumerate some of the articles we have seen, which were the productions of the soil of Cambria: 6 potatoes, from one stalk, weighing near 6 pounds, raised by Maj. Thompson. 1 tomato, raised by John Williams, weighing near two pounds. 1 apple, from the orchard of Capt. McVicker, weighing 13 ounces. 2 beets, raised at the Summit, weighing respectively 9 and 6 pounds. Now we consider these articles hard to beat, and think that they should establish the fact that Cambria soil is equal to Cambria minerals.

NEW HOTEL AT NO. 4.—Mr. CHAS. STUART, the gentlemanly Post Master at Hemlock, opened his new Hotel on last Saturday evening, under the name of "The Mike Walsh House."

A number of guests were present, and from what we learn the "feast of reason and flow of soul" on the occasion was very interesting. We like the name of the new house vastly, for a better, or more talented fellow than the veritable Mike does not live.

A GIFT.—We were kindly presented, by an esteemed female friend with a copy of the Addresses, delivered on the occasion of the death of the Hon. HENRY CLAY, in the Senate of the United States, handsomely bound in book form. Our sincere thanks are returned for the present, which we shall ever cherish as a memento of the most interesting kind.

TEMPERANCE LECTURE.—D. J. YERKES, of Ebensburg, delivered a temperance lecture in the Congregationalists Church, in this place, on last Wednesday evening. A large audience was present, and the lecture is well spoken of.

PLANK ROAD COMING.—The planks are laid upon the Ebensburg and Susquehanna Plank Road to the Borough edge. About three miles of the road is completed, and it is, without doubt, the best road in the County.

FATAL ACCIDENT.—No less than three fatal accidents occurred on the mountain, during the past week.

On Wednesday, an Irish laborer at the Pennsylvania Railroad Tunnel, while employed in excavating, was instantly killed by a rock weighing about 200 lbs., falling on his head.

On Thursday, a man named O'Neill, in the employ of Mr. Rutter, at the same place, fell off a hay mow, and was so severely injured that he died in about twenty-four hours after the accident.

On the same day an Irish laborer, whose name we did not learn, while slightly intoxicated passed the mouth of the new Portage tunnel, and stooped to pick up a piece of sod, as is supposed, to throw down at some acquaintances, but losing his balance, he fell head foremost into the pit—a distance of some sixty feet, and was instantaneously killed.—*Hollidaysburg Standard.*

Whig Economy.

As the Whig press are very busy just now in endeavoring to convince the people that their leaders have been patterns of perfect economy, and that the Democratic leaders have wasted the public money in wilful extravagance, we subjoin the following items of expenditure under Ritner and Steven's administration:

Buckshot war,	\$35,899 23
Huntingdon breach,	338,168 16
Gettysburg railroad,	682,846 45
Wilconico canal,	399,913 38
Alegheny feeder,	31,172 56
Simmenaham extension,	160,000 00
Erie extension,	2,160,566 76
Tunkhannock and Tioga division	2,906,340 90
North Branch canal,	87,763,340 34

Here it will be seen that Gov. Ritner's administration ran the State in debt nearly eight millions of dollars, for objects utterly useless. The money expended on the Huntingdon breach was a bold fraud upon the Treasury. The Gettysburg railroad has laid in desolation and ruin from 1838 to the present day, and in all the mania for railroads pervading the country, no company will accept of this road, although two thirds of a million have been expended upon it. The Wilconico canal was given away to a private company; the Allegheny feeder remains a ruin; the Simmenaham extension lies in utter desolation; the Erie extension was given away to a private company, without being able to realize a single dollar for the three millions expended; and the North Branch canal has just been finished by the State after lying waste for eleven or twelve years.

With this exhibit staring them in the face, the Whigs are the last men to charge Democrats with want of economy.—*Dem. Union.*

"I say, Pat," said a Yankee to an Irishman, who was digging in his garden, "are you digging out a hole in that ere onion bed?"

"No," said Pat, "I am digging out the earth and leaving the hole."

DR. GUYSOTT'S IMPROVED EXTRACT OF YELLOW DOCK AND SARSAPARILLA IS A SURE REMEDY FOR HEREDITARY TINT.

Thousands of individuals are cursed with grievous complaints, which they inherit from their parents. The use of the *Yellow Dock and Sarsaparilla* will prevent all this, and save a vast amount of misery, and many valuable lives, for it *thoroughly expels from the system the latent tint*, which is the seed of disease, and so takes off the curse by which the sins or misfortune of the parents are so often visited upon the innocent offspring.

Parents owe it to their children to guard them against the effects of maladies that may be communicated by decent, and children of parents that have at any time been affected with Consumption, Scrofula or Syphilis, owe it to themselves to take precaution against the disease being revived in them. Dr. Guy's Extract of Yellow Dock and Sarsaparilla is a sure antidote in such cases.

PROSPECTUS OF THE

"BLAIRSVILLE RECORD."

The establishment of Democratic paper in the Borough of Blairsville, Indiana Co., Pa., has longed by the Democracy of Indiana and Westmoreland Counties, and the encouragement that has already been extended, has induced the subscriber to undertake the publication of such a journal. He therefore, contemplates to receive the publication of the "BLAIRSVILLE RECORD," and will endeavor to make the paper interesting, not only to the political but general reader, and hopes that in the enterprise he will be sustained by the public.

Believing that our State and National prosperity has arisen from the successful administration of public affairs by the democratic party, and the firm establishment of the principles and policy of that party will promote and ensure the happiness of the people, he will faithfully endeavor to sustain these views, and also adhere to the regular established usages of the party. Declining it unnecessary to say more on this head, he only asks to be judged by the course of the paper.

The materials of the office will be entirely new, and the paper will be of large size, and of no inferiority to any published in the interior of Pennsylvania.

Considerable expense will be incurred, he therefore most respectfully solicits a share of the patronage of the public.

The terms.—One dollar and fifty cents per year, if paid in advance, or within six months, after the expiration of that time two dollars will be charged.

H. C. DEVINE.
